You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Nurse Robert Gage When? 6-7-2018
 What was their response? Told me I was supposed to go to medical on 10 Building that same day...
 What action was taken? Denied my medical appointment by Officer Michael Casteel & his co-worker.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

I went to a Nurse sick call on 6-7-2018 and during the meeting with Nurse Robert Gage I found out that I had an appointment to see the Doctor or Provider that same day for the ringing in my ears. The escort Officers with me told me that Officer Michael Casteel and Dawanda Lacy were the ones doing the escorts to 10 Building Medical.

I'm back in my cell waiting all day and the next day on 6-8-2018 and 6-7-2018 and no-one ever came to get me for my medical appointment. Officer Casteel is one of the Officers who participated in the illegal excessive use of force against me on 2-13-2018 where I was seriously injured.

So now Officer Michael Casteel & Dawanda Lacy denied me access to medical treatment for my ringing ears caused by C.O. Casteel and his coworkers on 2-13-2018 which is an issue that I fully intend to seek full legal relief for.

My ears ring with an endless peining sound that never stops and I need medical attention for it without interference by staff who abused me on 2-13-2018...or any other staff who may be friends with the staff who abused me on 2-13-2018... I have to deal with various injuries and pain on a regular basis on top of ringing in my ears. I do not feel good at all in my head and other injuries so this retaliation seriously needs to stop. Prison Officials may not act with deliberate indifference to a serious medical need. These delays by Prison Guards or staff are making my condition worse and worse. I have chronic and serious pain due to excessive uses of force with serious injuries.

Added Note * The action requested below clearly seeks protection from Officer M. Casteel who is one of the employees of T.D.C.J. who assaulted & battered me on 2-13-2018 while acting under color of state law.

Added Note:

* I should not even have to be anywhere near the staff who abused me illegally nor should they be allowed to have power to delay or deny my medical treatment for injuries that they caused in the first place.

Action Requested to resolve your Complaint.

Make sure I get my medical care. Protect me from Officer Michael Casteel and other staff who are or will deny me access to serious medical treatment. Unit transfer away from Anderson County.

You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

It neglected to resolve the issue or give any relief whatsoever, nor was it even processed properly according to Federal Law.

Whatever personal agenda or conspiracy by Grievance Investigators or policy of T.D.C.J. allowed by C.I.D. Lorie Davis and/or Executive Director Bryon Collier that is preventing this Grievance #2018151564 from being properly processed, investigation, and requested action given is void under Federal Law since it obviously opposes the Supreme Law of the Land...

My Fedrol & Human Rights are being violated by C.I.D. Director Lorie Davis, Executive Director Bryon Collier, Officer Michael Casteel, Officer Dawanda Lacy, and the Grievance Investigators: Brittani F. Rodriguez, Melissa B. Vixtha, and Margaret M. Price while they acted Under color of State law with the Texas Department of Criminal Justice which also greatly increases my punishment above & beyond what the State Court sentenced me to on December 2nd, 2005 which directly violates the 8th Admendment Prohibition against Cruel & Unusual punishment.

My Fedrol & Human Rights have specifically been violated by a conspiracy by foregoing individuals in this complaint against my rights, deprivation of my rights Under color of law, Obstructing justice, denying me access to courts, violating my equal protection of the law rights, interfering deliberately with my due process rights & Protected Conduct of filing Grievances, leaving me at risk of personal injury or serious irreparable harm, etc.

What is being done to me here on Michael Unit since my property was stolen and very excessive use of force was used on me causing serious injuries on 2-13-2018 is a campaign of harassment, terror, and retaliation being done by multiple people acting under conspiracy against my rights under color of law. Since nothing is being done to resolve my Grievances whatsoever then this is also very deliberate indifference & gross negligence against me.

It neglected to resolve the complaint or give the requested action on the Step 1 Grievance. Grievance #2018048098 was not properly screened whatsoever!

Whatever Policy or Personal agenda being perpetrated or allowed by C.I.D. Director Larie Davis, Executive Director Bryan Collier, Warden Charles O. Mendon, or Grievance Investigators Tommy L. Rodriguez that is stopping Grievance #s 2018048098 & 2018151660 from being investigated properly, and full relief given and the requested actions given, is not only, void under Federal Law, but also directly illegal and criminal and therefore directly violates my Human & Civil Rights!

My Human & Federal Rights are being violated by these individuals which also very greatly increases my punishment above & beyond what the State Court sentenced me to on December 2nd, 2025 specifically by conspiring against my rights, obstructing justice, depriving me of my rights under color of law, Cruel & Unusual punishment, violation my equal protection, of the law rights, trying to deny me access to courts, violating due process of law rights, retaliating & harassing me for seeking legal relief, violating my "Protected Conduct" of Filing Grievances, allowing criminal activities by prison staff to go unpunished, hollering & crumpling my Grievance #2018151660 up before sending it back to me which is deliberately damaging a legal document, denying me my Victim's Rights, etc. while acting under color of 'State law' which is all a major Abuse of Office and Official Oppression and is also very Deliberate Indifference & Gross Negligence and all of this is being done or has been done with evil intentions and

The problem is that there is no exhaust vents to pull bad air full of smoke, chemical agents, rotten feces, dead animal smells, mold, etc. out of the building on every section of every Pad on 12 Building on Michael Unit like there is supposed to be according to Federal Law & State Law. This lack of exhaust vents on 12 Building on every section of every Pad clearly violates several already fully established Laws such as Health & Safety Codes, Building Codes & Standards, and it obviously violates the 8th Amendment Prohibition of Cruel & Unusual Punishment...

I have a right to safe & humane conditions in prison such as very good air quality to breathe and that right is being deliberately violated here on Michael Unit. Whoever the Building Inspectors is or were that keep passing or have passed this 12 Building Inspection for a very long time now have very purposefully ignored this very obvious violation of Federal and State Law in complete disregard for people's Health & Safety. So I am being forced to breathe in very bad air with smoke, chemical agents, rotten feces, dead animal smells, etc. on a very regular basis and I suffer greatly from this very Cruel & Unusual Punishment and Violations of Federal & State Law. These violations are and have been done deliberately with evil intentions and evil motives... Every time these violations happen, I feel terrible!

 What was their response? Short of staff / I'm busy / I'll get to you later / etc. mostly short handed.
 What action was taken? No Recreation or Showers on a regular basis

On the following days of 2018 there was no recreation or no showers or neither one: 6-14~no rec or shower, 6-18~no rec or shower, 6-19~no rec or shower, 6-20~no shower, 6-21~no rec or shower, 6-22~no rec or shower, 6-28~no rec or shower, 6-29~no rec or shower, 6-30~no rec or shower, 7-1~no rec or shower, 7-2~no rec or shower, 7-4~no rec or shower, 7-5~no rec, 7-6~no rec or shower, 7-8~no rec or shower, 7-11~no rec or shower, 7-12~no shower, 7-14~no rec or shower, 7-15~no rec or shower, 7-16~no rec or shower, 7-18~no rec or shower, 7-19~no rec or shower, 7-20~no rec or shower, 7-22~no rec or shower, 7-23~no rec or shower, 7-24~no rec or shower, 7-25~no rec or shower, 7-26~no rec, 7-27~no rec or showers, 7-28~no rec or showers, and the list keep on growing.

This is very cruel and unusual punishment of mentally ill inmates including myself and goes along with all the other terrible conditions here on Michael Unit on 12 Building in this Solitary Confinement Mental Health Therapeutic Diversion Program that I don't want no part of at all. This is torture and I feel awful. I can't believe that your prison Officials will seriously abuse mentally ill humans who are incarcerated for profit. It's inhumane and it's sick.

If its this short staffed or the staff that are available are this incompetent then this 12 Building needs to be shut down til there are enough staff to be fully staffed at all times.

Emergency

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Grievance Office When? 8-22, 23, 27, 29-2018

What was their response? Submission in excess of 1 every 7 days

What action was taken? Grievance # 2018185506 not processed according to Federal & State Law & AD-03.82

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Grievance Investigators Margaret M. Price "the Supervisor, Tammy L. Rainey, and Monte P. Nabors very deliberately violated Federal & State Law and ignored Administrative Directives - 03.82 and refused to process Grievance # 2018185506 as an Emergency Grievance and coordinate it with the Office of Inspector General as demanded by Law. This is not an isolated event. In fact, this criminal behavior has been perpetrated against me non-stop since the crimes against me on February 13th 2018 here on Michael Unit in the Grievance Office where Grievance Staff have conspired against my rights et al on Michael Unit in the attempt to obstruct Justice illegally by committing more crimes against me to cover-up crimes against me. It's outrageous what these Public Servants are doing to me. It's sad & pitiful and it has me very frustrated & angry inside as they victimize me!

My Human & Federal Rights are being violated deliberately by Margaret M. Price, Tammy L. Rainey, Monte P. Nabors et al while acting under color of State law which also very greatly increases my punishment way above & beyond what the State Court sentenced me to on December 2nd 2005 specifically by conspiring against my rights et al with evil intentions & evil motives to deprive me of my rights under color of law, causing me severe mental pain & suffering to torture me, violating my Federally Protected Activities, Obstructing Justice by interfering with my access to courts rights & violating my Protected Conduct of filing Grievances to cover up crimes against me, Perjury on official documents or falsifying reports or official documents to cover up crimes against me, cruel and unusual punishment by causing me severe mental pain & suffering by covering up crimes against me by committing more crimes against me and victimizing me continuously, violating my due process rights, denying me my Victims Rights for crimes against me, tampering with evidence, refusing to process Grievance # 2018185506 according to Federal

& State Law & A D-03.82 to cover up crimes, refusing to coordinate forementioned Grievance with the O.I.G. as demanded by Law, mistreating me & violating my equal protection of the law rights due to my mental illness and making my mental illness worse, refusing to help me get transferred away from Anderson County, to avoid retaliation & harassment, etc.

They did not process Grievance #2018185506 to cover up crimes against me in the mailroom where they have interfered with Legal & Media Mail illegally 4 times now! Covering up crimes & violations of my Human & Federal Rights is a crime in itself and needs to stop immediately.

All my Victims Rights granted now. Evidence saved for litigation. Conspiracy against me to stop my Action Requested to resolve your Complaint. Both this Complaint & Grievance #2018185506 processed as Emergency Grievances & coordinated with the O.I.G. Transfer me away from Anderson County to a medical unit, protection from Grievance Staff.

It failed to resolve the complaint and once again Federal & State Law and BP-03.77 & AD-03.82 have been completely ignored on purpose in a conspiracy against my rights. Monte P. Nabors wasn't even supposed to touch Grievance #2019002595 at all since he's part of the complaint but every single Grievance Investigator here on Michael Unit has been violating my Human & Federal & State Rights non-stop especially since February 13th 2018 when I had half my property stolen and was assaulted & battered with serious injuries by prison officials/staff and ever since these Grievance Investigators have been violating my Protected Conduct of filing Grievances in an attempt to discourage me from exercising my access to courts rights to seek legal relief for crimes against me. They are obstructing justice illegally and it needs to be stopped immediately. State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Grievance Investigators Margaret M. Price the Supervisor and Monte P. Nabors very deliberately violated Federal & State Law and ignored Administrative Directive-03.82 and refused to process Grievance # 2018186383 as an Emergency Grievance and Coordinate it with the Office of Inspector General as demanded by Law. They did this very deliberately et al to cover-up crimes against me et al in a conspiracy against my rights et al. who are all retaliating against me and harassing me for seeking legal relief & trying to exercise my access to courts rights. This is not an isolated event whatsoever. These Grievance Investigators have been violating my rights non stop since the crimes against me on February 13th 2018 by prison officials & staff here on Michael Unit. I have known all along my Protected Conduct of filing Grievances has been being violated by all the Grievances Investigators here on Michael Unit according to Federal & State Law but it recently came to my attention that they are also violating T.D.C.J. Policies and Administrative Directives deliberately to cover up crimes against me, so now I've got to go back and file more Grievances about all the ones where they deliberately processed Emergency Grievances incorrectly as if they were Regular Grievances to Obstruct Justice while acting Under Color of State Law.

My Human & Federal Rights are being violated deliberately by Margaret M. Price, Monte P. All my victims Rights granted for all crimes against me. Conspiracy against me to stop immediately, and my rights. Action Requested to resolve your Complaint. Who did you talk to (name, title)? Grievance Office When? 3-5-2018
 What was their response? The Grievable Time Period Expired
 What action was taken? Grievance # 2018098095 not processed correctly to cover up crimes

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number, if appropriate.

It has come to my awareness that Grievance Investigators deliberately ignored Federal & State Law and Administrative Directive-03.82 to help cover up the crimes against me on February 13th 2018 where I was seriously injured because of illegal & excessive use of force deliberately by prison officials & staff who were acting under color of State Law, in order to obstruct Justice and deny me my Victims' Rights. Regarding Grievance # 2018098095 --- it is and was an Emergency Grievance that should have been coordinated with the Office of Inspector General as demanded by law. ~ Grievance # 2018098095 is specifically about excessive force used on me causing me serious injuries and about criminal acts by staff...

The Grievance Investigators involved with Grievance # 2018098095 directly violated my Human & Federal Rights & State Rights while acting under color of State law which also very greatly increases my punishment way above & beyond what the State court sentenced me to on December 2nd, 2005 specifically by conspiring against my rights et al to cover up crimes by prison staff who used excessive chemical agents on me and assaulted & battered me causing serious injuries and denied me proper medical care, depriving me of my rights under color of law to cover up crimes against me on February 13th 2018, falsifying records to cover up crimes, obstructing Justice by deliberately ignoring Federal & State Law and Administrative Directive-03.82 to incorrectly not process Grievance # 2018098095 as an Emergency Grievance and coordinate it with the Office of Inspector General as demanded by Law, violating my due process of law rights and interfering illegally with my Protected Conduct of filing Grievances, retaliating against me for using the Grievance procedure and harassing me for seeking legal relief by trying to exercise my access to courts rights for

the crimes against me on February 13th 2018, denying me my Victims Rights illegally, torturing me with cruel & unusual punishment by forcing me to stay around prison officials & staff who committed serious crimes against me that seriously injured me and by leaving me at risk of personal injury or some other serious or irreparable harm and by causing me severe mental & emotional pain & suffering under color of law and by covering up crimes on 2-13-2018 where I was seriously injured, violating my equal protection of the law rights due to my mental ill by trying to take advantage of me like I'm some sort of retard or something, tampering with evidence of a serious crime against me which they concealed illegally from Law Enforcement Agencies such as the O.I.G.. All this was done deliberately with evil intentions & evil motives.

* Save evidence for litigation. Stop conspiracy against me immediately. Protection from corruption. Fully investigate Emergency Grievance #2018048045 with the O.I.G. properly. Give me my Victims Rights for the crimes against me on February 13th 2018. Transfer me away from Anderson County.

You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). *I am dissatisfied with the response at Step 1 because...*

Grievance Investigators Tommy L. Rainey, Margaret M. Price, and Monte P. Nebors et al are non stop conspiring against my rights deliberately to obstruct Justice for crimes committed against me on February 13th 2018 by several prison officials and staff by ignoring Federal & State Law and BP-03.77 & AD-03.82 and refusing to coordinate Emergency Grievance #s 2018098095 & 2019002549 with the Office of Inspector General as demanded since these complaints refer to actual Criminal activity by prison employees perpetrated against me. I want all my Victims Rights for each & every crime against me from February 13th 2018 up to now that has been done by prison officials & staff while acting under color of State law against me & my rights illegally...

These forementioned Complaints need to be fully investigated properly with the Office of Inspector General and all the requested actions granted to/ for me immediately. There is no legal excuse for denying me my rights under color of law. The actions of these forementioned Grievance Investigators are illegal and highly unethical and fully intended to violate my Human & Federal Rights. I fully intend to make sure that these individuals et al who are violating my rights pay the legal consequences for their inhumane & illegal behaviors against me. They know they are doing wrong on purpose but they continue to do it anyways with evil intentions & evil motives against me to interfere with my access to courts rights to try and pressure me into giving up my Victims Rights & cover up the crimes perpetrated against me on February 13th 2018 up to

now. These Grievance Investigators keep violating my rights non stop to cover up crimes and when they do that, they are committing a crime themselves each & every time they do it by using a real campaign of retaliation & harassment against me for seeking legal relief for crimes against me done by other employees of the State.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Once again Grievance Investigators Tammy L. Rainey & Monte P. Nobors did not process a complaint of mine this time regarding not only an ongoing crime but also a serious health hazard. Grievance #2018182643 is not a regular grievance at all. It should be processed as Emergency and coordinated with the Office of Inspector General and the Health Services Division as demanded in AD-03.82... As a matter fact, there is nothing regular about the grievance I wrote at all regarding terrible air quality that I am being forced to endure on a continuous basis. This is a huge violation of Federal & State Law that needs to be fixed immediately.

My Human & Federal Rights are being violated by Tammy L. Rainey & Monte P. Nobors et al while acting under color of state law which also greatly increases my punishment way above & beyond what the State Court sentenced me to on December 2nd, 2005 specifically by conspiring against my rights et al, depriving me of my rights under color of law, ignoring Federal & State Law and AD-03.82 in order to cover up an ongoing crime & health hazard, forcing me to endure very bad air quality on a regular basis which is cruel & unusual punishment, torturing me physically and causing me severe mental pain & suffering by violating my protected conduct of filing grievances to cover up an ongoing crime & health hazard and leaving me here to continue to suffer from it, obstructing Justice, denying me access to courts without interference, deliberate indifference & gross negligence, violating my equal protection of the law rights by neglecting my mental illness non stop, etc. ~ All of which is being done with evil intentions & evil motives.

Grievance # 2018181438 is clearly an Emergency Grievance that is supposed to be coordinated with the Office of Inspector General and regards an ongoing problem that I have faced 4 times now!!! This is another outrageous attempt to cover up crimes against me by Grievance Investigators Tommy L. Rainey & Monte P. Nabors et al. who have participated willingly in the conspiracy against my rights especially ever since the crimes perpetrated against me on February 13th 2018! The continuous actions of these individuals are criminal in nature and very unethical.

My Human & Federal Rights are being deliberately violated by Grievance Investigators Tommy L. Rainey & Monte P. Nabors et al while acting under color of state law which also very greatly increases my punishment above & beyond what the State Court sentenced me to on December 2nd 2005 specifically by conspiring against my rights with others illegally, depriving me of my rights under color of law, deliberately obstructing justice by ignoring Federal & State Law and Administrative Directive-03.82 and intentionally misprocessing Grievance # 2018181438 to avoid it being an Emergency Grievance which must be coordinated with the O.I.G. as demanded by Law, falsifying Reports to cover up crimes against me, violating my due process rights by interfering with my "Protected Conduct" of filing Grievance in order to obstruct my efforts to exercise my access to courts rights, leaving me in a situation where I am at risk of serious personal injury or some other serious or irreparable harm, torturing me & causing me severe mental pain & suffering by committing crimes against me to cover up crimes against me when my food & trays are being tampered with by Prison Staff here on Michael Unit, violating my equal protection of the law rights by exacerbating my mental illness by deliberately violating my Human & Federal Rights, etc...

the responses are false. These complaints about crimes committed against me by prison staff & harassment/retaliation for trying to exercise my access to courts rights were not processed correctly at all on purpose by Grievance Investigators Margaret M. Price & Tommy L. Rainey who had no business touching a complaint that also involves themselves. These individuals have been conspiring against my Human & Federal Rights with others non-stop since February 13th, 2018 up til now and obstructing Justice for crimes committed against me by prison staff including themselves. Emergency Grievances do not have any screening criteria that has been used against me in Grievance # 2018048095/2019002599/and # 2019014144 which are about illegal excessive use of force, crimes by staff, and retaliation & harassment for trying to exercise my access to courts rights. AD-0382 clearly shows I am in the right and that the Office of Inspector General was deliberately avoided to obstruct Justice by foresaid individuals et al. ~ I want all my Victims' Rights for each & every single crime committed against me by all involved prison officials & staff from February 13th 2018 up til now. I am in the right and I want Justice for these crimes against me and I refuse to stop until I get that Justice. Y'all can't punish me for breaking the law while y'all break the law to peices. That's hypocrisy. Any-one who represents the law, must also follow the law themselves and uphold themselves with ethical conduct.

Obstructing Justice / Access To Courts Rights

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Warden Pennie Kempt & ARD-C McKellar When? 09-05-2018/11-12-2018

What was their response? Negative

What action was taken? They both obstructed justice for Casteel threatening me & my family...

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate.

Aside from the witness statements sworn under penalty of perjury sitting at the "T.J. Solomon Law Group PLLC" already, these individuals who were supposed to investigate "Grievance #2018173565" both deliberately avoided the video surveillance footage which very clearly showed the actuality of my claims regarding the altercation between Michael O. Casteel and myself. But not only did they purposefully avoid the video data & ignore my requested actions which included saving the video data for that incident but they also ignored AD-03.82 and avoided the Office of Inspector General which violates Federal & State Law very clearly...

My Human & Civil Rights are being violated by Warden Pennie Kempt and ARD-C McKellar while acting under color of State law which very greatly increases my punishment way above & beyond what the State Court sentenced me to on December 2nd, 2005 specifically by conspiring together with others against my rights, deliberately obstructing justice and tampering with evidence, making false statements about there being no evidence to support my allegations of threats by Michael O. Casteel when the whole situation was on video surveillance footage the whole time, causing me mental & emotional pain & suffering which further agitates my mental illness, leaving me in a situation where my Life & Liberty are endangered and ignoring the safety of my Family, ignoring my very legitimate requested actions completely without any regard for my Human & Civil Rights and/or Federal & State Law, etc. which has all been done with very evil intentions & evil motives on a campaign of retaliation & harassment for me trying to exercise my access to Courts ~

Bad Air Quality / No Exhaust Vents For Bad Air

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Wardens / Every On Duty Officer / etc. When? From 11-15-2018 to 1-19-2019
 What was their response? Negative / The Exhaust Fans are working fine / Can't do anything / etc.
 What action was taken? Forced to breathe very bad air on a regular basis

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

As best as I could keep track of, on the following days & times the air quality was truly terrible due to fires & smoke, chemical agents, feces, dead animals, etc. and the fact that there are no exhaust vents built into the roofs of every section of every pod of 12 Building to remove bad air when necessary:

11-15-2018 at 2:50pm Fire ~ 11-16-2018 "6:15pm Fire" ~ 11-17-2018 "9:21pm Fire" ~ 11-18-2018 "1:50pm Fire" ~ 11-18-2018 "9pm Fire" ~ 11-23-2018 "8:05am Chemical agents/dead animal smell all day" ~ 11-24-2018 "all day death smell" ~ 11-25-2018 "death smell & 9:44pm Fire" ~ 11-26-2018 "death smell all day" ~ 11-27-2018 "death smell" ~ 11-28-2018 "1:21pm Fire" ~ 12-1-2018 "6pm Fire & smoke for several hours" ~ 12-9-2018 "11:50am Fire" ~ 12-10-2018 "8:45pm Fire" ~ 12-13-2018 "5:12pm Fire" ~ 12-15-2018 "9:05pm Fire" ~ 12-18-2018 "10:30am Fire" ~ 12-19-2018 "all morning smoke" ~ 12-20-2018 "12:45pm Chemical Agents" ~ 12-22-2018 "4:48pm Chemical Agents Several Hours real bad" ~ 12-24-2018 "All day feces & smoke" ~ 12-30-2018 "5:25pm Fire" ~ 12-31-2018 "All day smoke" ~ 1-1-2019 "All day fires" ~ 1-3-2019 "2pm Fires" ~ 1-4-2019 "3:30pm Fires" ~ 1-8-2019 "5:50pm Fire" ~ 1-10-2019 "7:21pm Fire" ~ 1-11-2019 "6:50pm Fire" ~ 1-12-2019 "5pm terrible smoke for hours" ~ 1-13-2019 "4:35pm Fire" ~ 1-18-2019 "Feces All Day" ~ 1-19-2019 "2pm Fire & Feces all day" ~ All on 12 Building E-Pod... and there is mold in the cell walls & dust in the ventilation system every single day non stop...

It's miserable to the extreme on a regular basis and agitates my mental illness and gives me major sinus & breathing problems. Sometimes it's bad and other times it's worse but also, I have been filing complaints about this serious problem for quite some time and so the Prison Officials are fully aware of this serious Health Hazard that violates Federal & State Law but ~

they don't care about the Law of the Land or about Human Rights at all if they can save money or make money regardless of the suffering it causes to incarcerated persons here on Michael Unit 12 Building and it most definitely affects everyone present each day adversely healthwise...

Action Requested to resolve your Complaint.

*transfer me to a medical unit like Estelle Unit
Shut down 12 Building until exhaust vents are installed on the roof of every section of every pod on 12 Building, dust removed from air ducts, and mold removed from cell walls continuously...

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

There's an infestation of mice, cockroaches, and spiders here on 12 Building D-Pod. These creatures are everywhere. There's spiders all throughout my cell in the lockers, under the bunk, on the ceiling, etc.. Cockroaches crawl on every surface, including on cups, bowls, toothbrushes, sink, spoons, etc.. Mice are in & out the cells constantly. The entire environment is unsanitary and a health hazard due to these animals creeping around constantly urinating & defecating all over the place non stop and it's always a possibility of getting a spider bite too at any time. When I'm trying to sleep I can feel them crawling on me from time to time on a regular basis. It's madness! And it's messing with my mind in a bad way. No-one is taking care of this pest problem at all!

*All incarcerated persons on 12 Building are witnesses of this complaint...

Action Requested to resolve your Complaint:

Get rid of the infestation of mice, cockroaches, and spiders on 12 Building. Shut 12 Building down until it meets actual Health & Safety Standards under Federal & State Law.

Grievance Investigators Margaret M. Price & Rachel R. Rowland have both violated my Protected Conduct of Filing Grievances with Grievance #2019089857 in an ongoing conspiracy against my rights with others especially since February 13th, 2018 when Prison Employees intentionally harmed me & violated my Human & Civil Rights to the extreme. These forementioned individuals are retaliating on me and harassing me for my effort to exercise my access to courts rights. They are very directly obstructing justice for actual crimes & health hazards that are adversely affecting my health and life along with the health & life of all incarcerated persons and prison employees who are and have been forced to suffer here on 12 Building due to incarceration or non disclosure agreements specifically designed to keep Prison Employees quite about the ongoing corruption & inhumanity that we are forced to suffer through each day such as the fact that there are no Exhaust Vents built into each section of each Pod on 12 Building to systematically remove bad air as necessary to be in compliance with Federal & State Law requirements and they are trying to cover up the crimes being committed by the Building Inspectors who have been illegally passing the Building Inspection for 12 Building for many years when it is clearly out of compliance with Federal & State Law the entire time which I have explained many times for over a year straight now but every time these crimes & serious health hazards have been deliberately hidden from the Office of Inspector General, my requested actions denied or ignored purposefully, Wardens & Central Grievance Officers have made false statements on my Grievances regarding this matter every single time, etc. etc. etc. --- all of which has been done with evil intentions and evil motives to hold property interests higher than Human & Civil Rights and to retaliate against me & harass me illegally for Complaining about these crimes & health

Who did you talk to (name, title)? Law Library When? 3-28, 29-2019

What was their response? We do not have "Code of Federal Regulations" in Law Library

What action was taken? Access To Courts Rights Violated along with ability to petition the Courts.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

28 C.F.R. §§ 35.107@, and 115.52 (a-g) give Authority to Administrative Directive 03.82 which pertains to "Management of Offender Grievances" and that clearly involves the Right of Access To Courts under Federal Law but the Law Library does not have any "Codes of Federal Regulations" at all which violates the Access To Courts Right and directly interferes with the ability to petition The Courts / Government For A Redress of Grievances, which means obviously that the Code of Federal Regulations needs to be in all Texas Prison Law Libraries or in the Law Libraries of any State Prisons automatically and for such important legal items to be missing from the Prison Law Libraries shows a very calculated conspiracy by Prison Officials to directly retaliate against and harass incarcerated persons for trying to exercise their Access To Courts Rights which also violates the Charter with The United Nations in the Universal Declaration of Human Rights.

The same Leaders of the Texas Prison System : CJD Director Larie Davis, Executive Director Bryan Collier, and Texas Board of Criminal Justice Chairman Dale Wainwright who continue to allow the "Offender Grievance Operations Manual" to be hidden from Texas Prisoners with its Corrupted Contents and who allow a completely Corrupt & inhumane Grievance System to continue operating unabated at Taxpayers expense which they are fully aware of but obviously don't care about at all which clearly violates the Human & Civil Rights of all incarcerated persons including myself and also violates the Human & Civil Rights of Taxpayers who fully expect the Leaders of the Prison System to make every realistic effort to not aggravate unnecessarily the suffering in her

ent in Prisoner's self determination library and to all immediate educational, medical, and spiritual forms of assistance to treat Prisoner's needs and facilitate their return to Society as Law-Abiding Members but that is not the case at all with these forementioned Leaders of the Texas Prison System allowing corruption & inhumanity to continue unabated & Systematically to the point where there is no way they can not know what's going on which also pertains to the missing "Codes of Federal Regulations" that are not in the Law Libraries when these Regulations clearly & directly affect the Lives & Liberty of all Incarcerated Persons including myself and so, these forementioned Leaders are directly & indirectly violating my Human & Civil Rights with evil motives & intentions.

Action Requested to resolve your Complaint. Stop Conspiracy against the rights of all incarcerated persons in T.D.C.J. Who did you talk to (name, title)? Rachel R. Rowland Grievance Investigator When? March 8, 19, 22-2019

What was their response? Submission in excess of 1 every 7 days

What action was taken? Protected Conduct of Filing Grievances deliberately violated!

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate.

Grievance Investigator Rachel R. Rowland has clearly joined the ongoing conspiracy against my rights here on Michael Unit by deliberately violating my Protected Conduct of Filing Grievance # 2019090466 which pertains to Grievance # 2019026289 which was violated by Warden Charles O. Meador & Central Grievance Officer J. Smith also on purpose illegally. All these individuals are conspiring together with others deliberately to obstruct justice for actual crimes committed against me and the "T.J. Solomon Law Group, PLLC" who is my Legal Representative/Attorney and they have been using a major Campaign of Harassment & Retaliation against me on many levels for trying to exercise my Access To Courts Rights for over a year now...

Me and the "T.J. Solomon Law Group's" Human & Civil Rights are now being Violated by Rachel R. Rowland while acting under color of State Law which also increases my punishment way above & beyond what the State Court sentenced me on December 2nd 2005 & tampers with the Official Legal Business of the "T.J. Solomon Law Group, PLLC" specifically by: conspiring with others to violate our rights to cover up the crime of obstructing Legal Mail deliberately, Obstructing Justice by violating my Protected Conduct of Filing Grievance # 2019026289 on purpose to interfere with me & the "T.J. Solomon Law Group's" Access To Courts rights illegally, ignoring Administrative Directive -03.82 which clearly shows each of these Grievances are "Emergency Grievances" and are supposed to be investigated without any screening criteria with the Office of Inspector General, Harassing me & the "T.J. Solomon Law Group, PLLC" and violating our Attorney-Client Privilege, torturing me on purpose and causing me extreme mental & emotional pain & suffering by agitating my mental illness even worse with her evil intentions & evil motives, etc., etc., etc.

Who did you talk to (name, title)? Mailroom Supervisor Amy E. McCalister When? 3-11-2019 & 3-22-2019What was their response? I won't release that information without a court order.What action was taken? Denied information regarding missing legal mail/document from 11-29-2018.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

On November 29th, 2018 Officer Aaron J. Watson Notarized a document that I sealed in an envelope going to the "T.J. Saloman Law Group, PLLC" which he took with him to mail out. A month in a half later I realized it never made it and had to get the same document sent to me again which I got Notarized on February 28th 2019 and which the Law Group did get. So on 3-11-2019 I wrote the Mailroom Supervisor Amy E. McCalister asking what happened to the 11-29-2018 Legal Mail with a "carbon copied" I-60 --- no response. So on 3-22-2019 I received some more Legal Mail from the "T.J. Saloman Law Group, PLLC" by the Mailroom Supervisor Amy E. McCalister and I asked her about the November 29th, 2018 missing legal mail/document and the 3-11-2019 I-60 I wrote about it and she told me she won't release that information without a court order. And I never got the 3-11-2019 I-60 back either.

When I sent an I-60 to the Law Library about this same incident, they wrote back stating they gave it to the mailroom. So it obviously came up missing in the Michael Unit mailroom and that means it was stolen. Obstructing mail is a Federal Offense and since it was Legal Mail it also violates my Access To Courts Rights along with the First Amendment and this is obviously part of the ongoing conspiracy against my rights here on Michael Unit that really started ever since February 13th 2018 when Prison Officials & Staff stole half my property and then deliberately assaulted & battered me in an excessive use of force without ever involving the Psyche Department before doing the illegal use of force that caused me several serious injuries and once I began trying to exercise my access to courts rights, Prison Officials & Staff began a Campaign of Harassment and

retaliation against me that never stopped all the way to now and ongoing:

All of this criminal behavior is torturing me to the extreme and I'm gonna need serious counseling when I get out of prison away from all these corrupt prison employees who have tormented all these years.

Action Requested to resolve your Complaint

Force William supervisor to release information about the 11-29-2018 Legal Mail Document. Investigate this with the OIG properly! Stop harassing me! Stop conspiracy against my rights!

Health Hazard / Torture / etc.

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? On duty Prison Officials & Staff When? From 4-23-2019 up til now & ongoing.
 What was their response? Nothing they can do / We're all suffering together / etc.
 What action was taken? None / Terrible Air Quality / Torture / etc.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate.

I've wrote about this many times and Prison Officials & Staff who are supposed to investigate & resolve complaints in the Grievance Department have continuously violated my Protected Conduct of Filing Grievances & Obstructed Justice for a very serious Health Hazard of there being no exhaust vents built into each section of every Pod on 12 Building of Michael Unit which forces us incarcerated persons & Staff to constantly breathe smoke, chemical agents, feces, rotten bodily fluids, dead animal smells, etc. and there is mold in the cell walls and dust/dirt in the cell ventilation system which is never cleaned out. I have written medical department many times but nothing can be done by them to fix this problem truly. Every single day there are fires, smoke, chemical agents, rotten body fluids, dead mice smells, etc. on 12 Building to the point of madness and it very adversely affects my physical & Mental Health along with all the other people who are forced to live or work in this terrible environment.

The Prison Officials & Staff along with the Building Inspectors who keep allowing this very serious and very obvious Health Hazard to continue un-abated are violating my Human & Civil Rights to the extreme which increases my punishment way above & beyond what the State Court sentenced me to on December 2nd, 2005 specifically by conspiring together against my rights et al., obstructing justice for a serious Health Hazard, continuously lying about there being no exhaust vents on every section of every Pod of 12 Building, leaving me in an environment where my Health is being slowly destroyed on purpose, torturing me by causing me severe mental

emotional/physical pain & suffering deliberately, etc...

These Prison Officials & Staff here on Michael Unit all know about this problem and they refuse to fix the problem or shut 12 Building down since it is out of compliance with State & Federal Law and by doing so, everyone who is forced to live or work here is being tortured non stop every single day. It needs to be stopped immediately. What they are doing is a crime which includes the Building Inspectors passing this building when it is more than obviously out of compliance.

Action Requested to resolve your Complaint:

Shut 12 Building down immediately til it is in full compliance with Federal & State Laws. Investigate this with the OIG & Health Services Division. Stop conspiracy against my rights!

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Melissa Vixtha/Pom Pace When? 4-25-2019

What was their response? Grievable time period has expired.

What action was taken? Deliberate retaliation & harassment against my Protected Conduct.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

These individuals deliberately violated my Protected Conduct of Filing Grievance #2019114879 in a conspiracy against my rights and Melissa Vixtha lied on that Official Document stating that she returned that Grievance to me on April 29th 2019 but in fact I did not get it back until May 14th 2019 at about 7:25pm at mail call. That is retaliation & harassment against me for trying to exercise my access to courts rights and violates my ability to petition the Government for a redress of Grievance and what these individuals are doing to me is unlawful and torturous. They both have been violating my rights non-stop for over a solid year and counting on purpose along with many others in a major conspiracy against my rights here on Michael Unit that is still ongoing.

Grievances alleging criminal acts by staff shall be coordinated with the Office of Inspector General and Grievances involving Health Care Issues of a quality of care or technical nature shall coordinated with the Health Services Division ~and none of those types of Grievances just like Grievance #2019114879 have any screening criteria because they are Emergency Grievances like this Grievance which alleges retaliation and harassment for me trying to exercise my access to courts rights and it shall also be coordinated with the Office of Inspector General and is also an Emergency Grievance and has no screening criteria according to AD-03.82 and Federal & State Law.

Who did you talk to (name, title)? CGO - Investigator ID # I0352 When? 6-21-2019 / 6-22-2019 / 7-1-2019What was their response? A negative response...What action was taken? My protected conduct of filing grievances violated deliberately.

Regarding Grievance #s: 2019087915, 2019114418, and 2019092311... Central Grievance Office - Investigator ID # I0352 of the Step II Grievance Program Office of Professional Standards TDCJ Health Services Division has violated my Human & Civil Rights by deliberately conspiring with others against my rights to obstruct Justice and continue to deny me proper medical treatment/care for serious injuries, leaving me in a situation where I am at substantial risk of serious or irreparable harm, agitating my mental illness, ignoring my very legitimate requested actions, forcing me to continue to remain in Solitary Confinement assigned as Chronically Mentally Ill-SH because I do not want to participate in the Mental Health Therapeutic Diversion Program where half my property was stolen and where I was assaulted & battered with serious injuries by Prison Officials & Staff on February 13th 2018 and forcing me to deal with corrupt & useless psyche staff who are still not helping me in any way which I don't trust them to do anymore anyways, lying about me not trying to informally resolve my complaints when I have a bunch of documentary evidence that shows otherwise but is unnecessary since all 3 complaints involve both criminal acts by prison staff & health care issues of a quality of care or technical nature which means they are Emergency Grievances, torturing me by leaving me in great pain & injured and causing me severe mental/emotional suffering, etc.

Since February 13th 2018 up til now I have endured serious pain from several injuries that still haven't been fixed or treated properly at all I've wrote medical so many times for help it's insane along with complaint after complaint

the entire time - all of which is on file in my records! On 1-18-2014 I was at Beto Unit so that Refusal Of Treatment or Services was unavailable to me. I've seen Providers off & on since February 13th 2018 and still nothing has been actually fixed or treated properly whatsoever! I've been denied access to medical many times and when I have seen a Provider I've been delayed, mistreated, lied to, violated, etc. a bunch of times which is all on file also! On 6-13-2014 Provider Rosemary Afili did not even try to actually check me for scrotal swelling. And on 2-22-2014 I never refused my Hospital Galveston/O/URCOK For 2-25-2014 which is very obvious since I made it all the way to Hospital Galveston on that day. *This Investigator has violated my Protected Conduct many many times now.
